**Justification for Requesting a Temporary Waiver**

Why is a Temporary Noise Waiver being requested?

To provide enough time to erect the tower crane and slabs.  
Reduce the impact to traffic and surrounding areas. Specially during peak rush hour.

How will the public benefit if a Temporary Noise Waiver is issued?

If the waiver is issued, the public will benefit by encountering fewer construction vehicles and traffic flagging operations around the project site. This will improve the flow of traffic in the area. As a result, the extended hours will reduce a long term impact of all local residents and businesses.

If a Temporary Noise Waiver is issued, DEP may set conditions on the applicant. Describe the steps that have been taken or will be taken to reduce the level or duration of the noise for which the waiver is requested:

Trailers will be coordinated to arrive onsite in sequence to reduce heavy traffic noise. Crew members will be equipped with radios to prevent loud communication amongst workers. Meetings will be held to reinforce the minimization of unnecessary noise.
